Description:	A Japanese wholesaler of kitchenware, tableware, and Japanese traditional crafts, is seeking a distribution partner in Europe. They can supply 95% pure & designed tin product, high-quality detailed stainless steel ware, functional and lifestyle interior shops, which deal with design and functionality oriented products. As a wholesaler focusing on overseas market with Japanese lifestyle goods, they can be a one-stop supplier for the EU potential partner. They can accept Original Equipment Manufacturer (OEM) production request as well. They are dealing with more than 20,000 kinds of items, among which the EU potential partner can find what they exactly needs.
Advantages and Innovations:	For potential EU distributor, they can offer the following benefits: - be a one-stop exporter of Japanese lifestyle merchandises, therefore reducing the logistical costs for the clients. - they can accept small-lot orders. - they can provide a precise product information, and can provide efficiency to the potential partner in search of specific Japanese lifestyle products.
